BENTAYGA
ACCESSORIES RANGE

Go beyond boundaries.

Explore new worlds...

Bentayga is the most exclusive car of its kind, and the most technologically advanced Bentley ever produced.

It is made to push boundaries. Built to take on the most challenging terrains, from the sand dunes of Rub' al-Khali to the snow deserts of the Arctic Circle, whilst delivering new levels of luxury, design and power.

But every adventure needs preparation. The right equipment to complete any journey.

...with all the details covered.

And so our teams of designers and engineers thought of every detail and created a luxurious suite of accessories, each one made to match your lifestyle while enhancing and personalising your Bentayga.

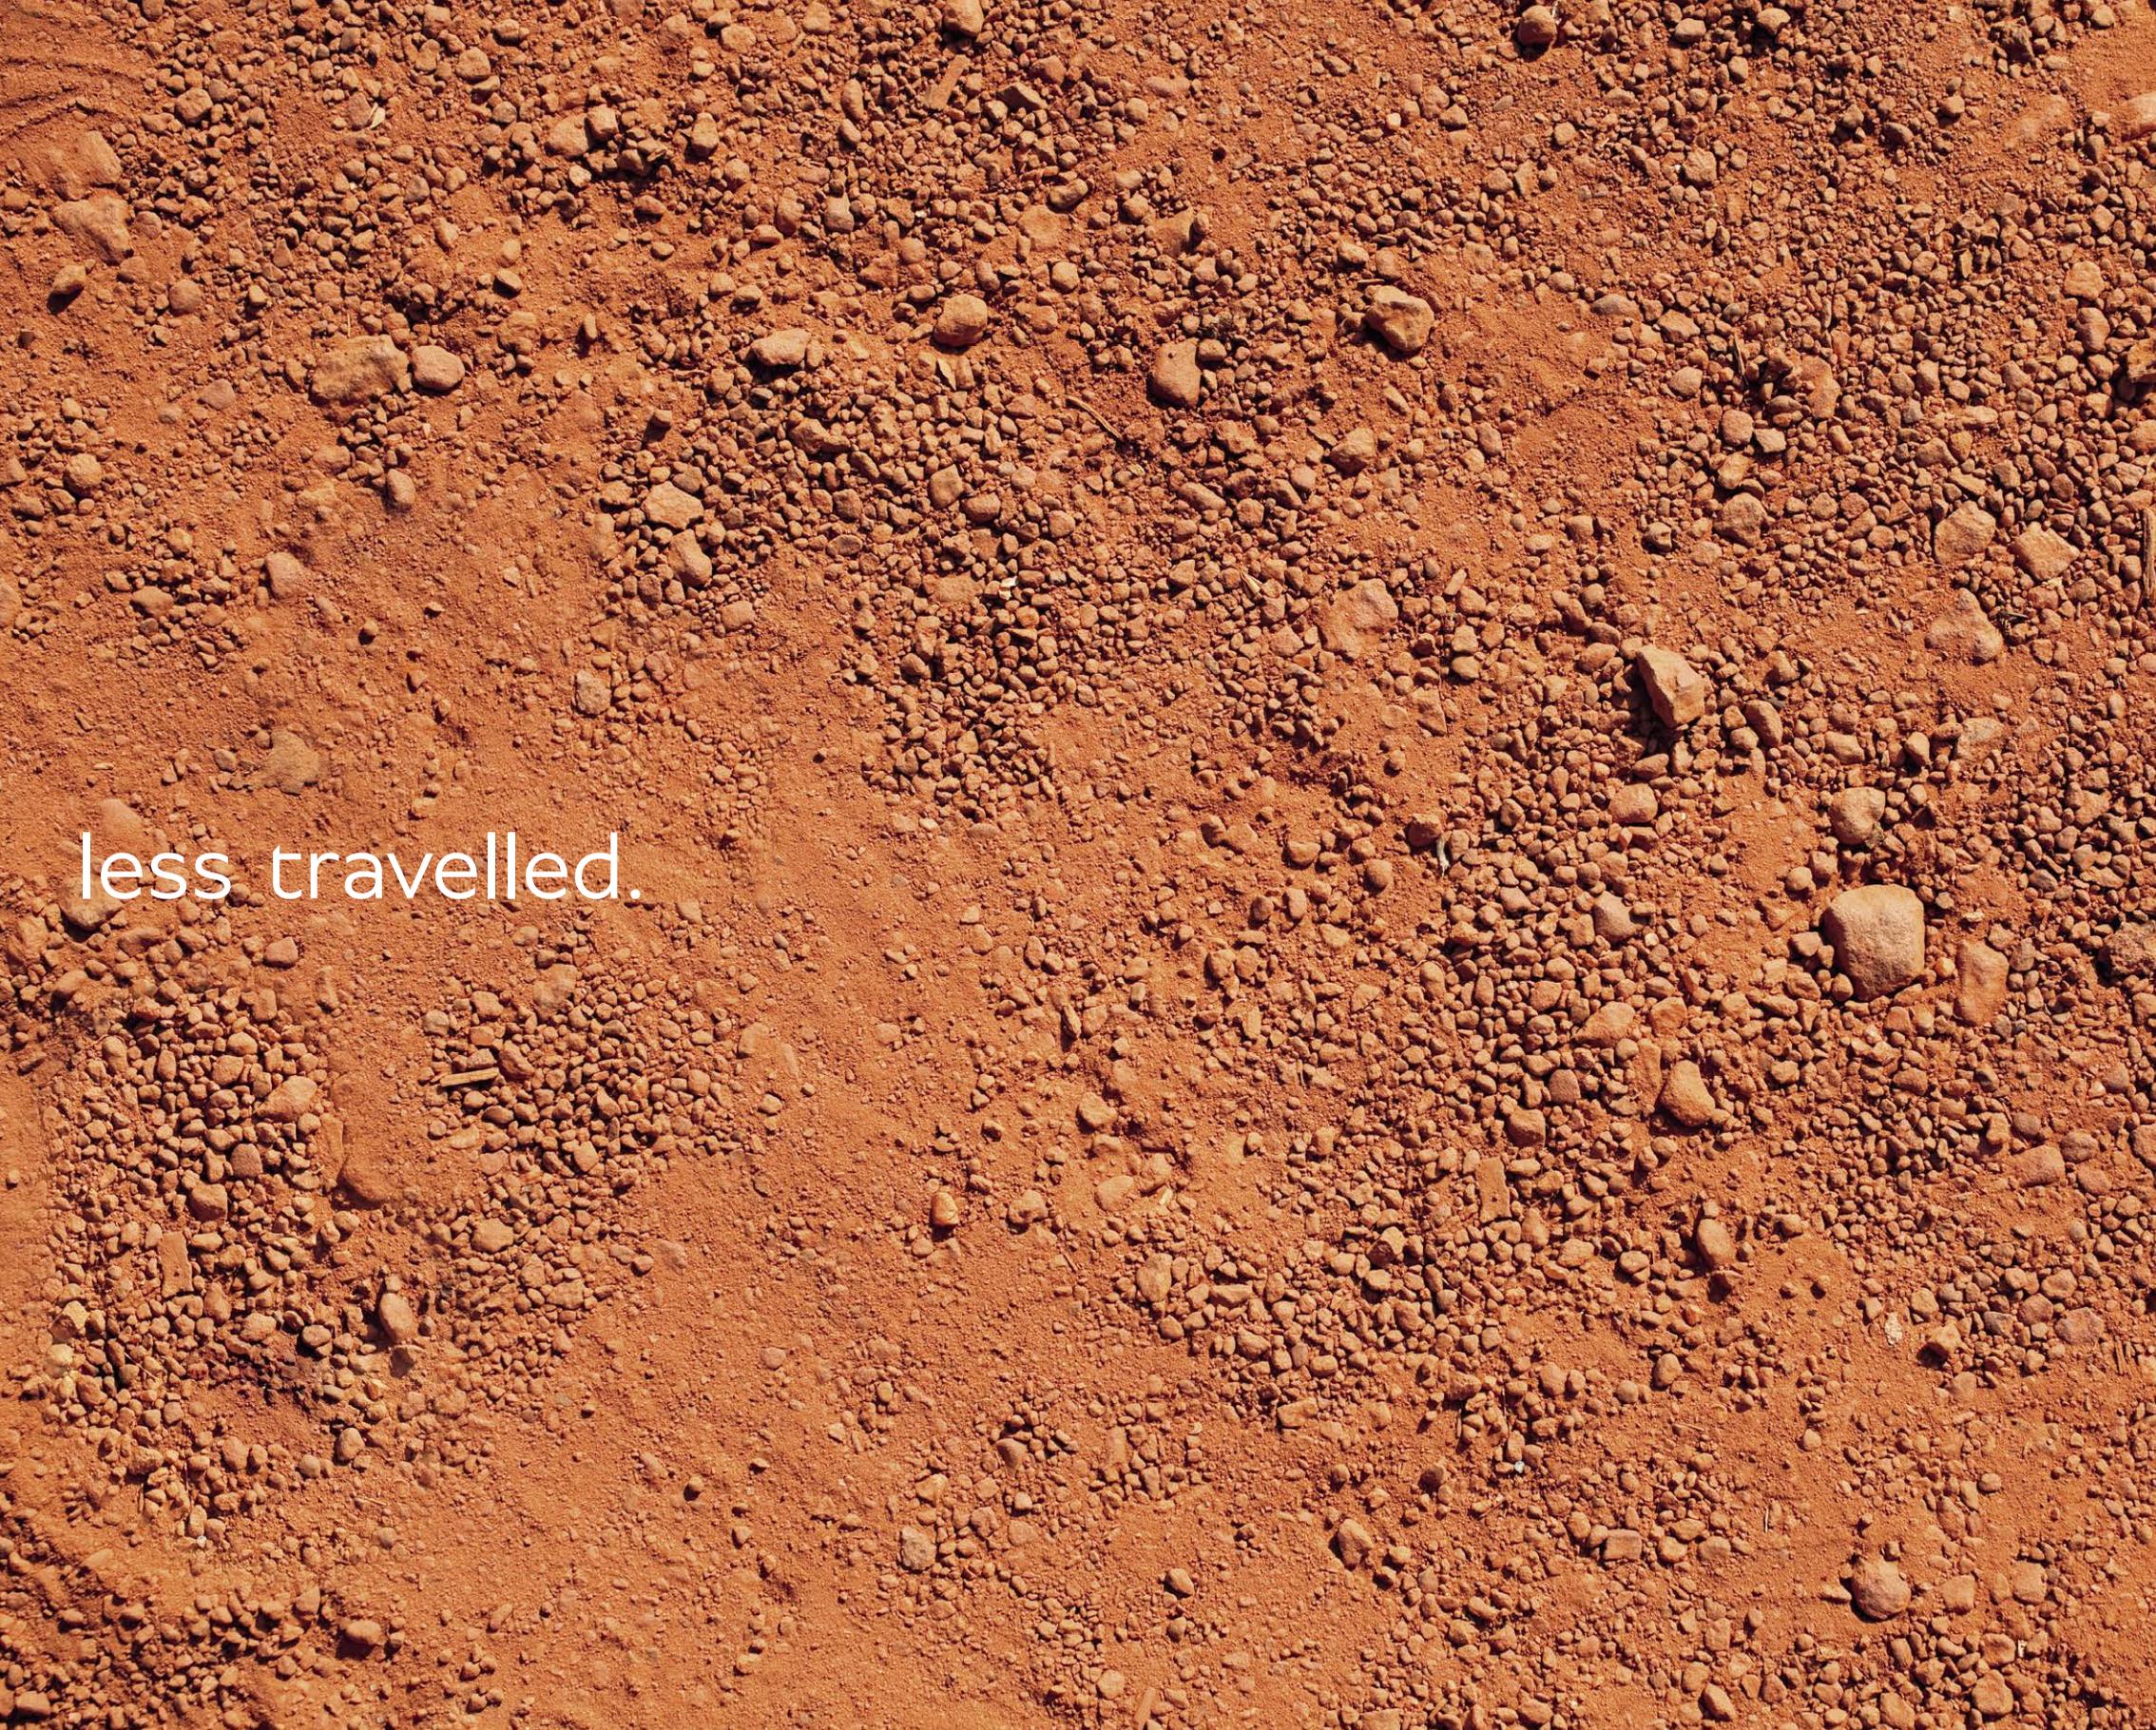

Accessories to discover include exterior styling options, roof and boot features, Deployable Sill Steps and Car Covers.

Each one is crafted to enrich your experience, offering unrivalled style, comfort and refinement – exactly what you should expect with a car as extraordinary as Bentayga.

For the road

less travelled.

Exterior.

Bentayga is a car that is made to be different. To surpass limits. To go places other cars cannot go. And to look like no other car.

And so it is a car made for those who want the choice of a distinct style and performance unlike any other.

To this end, we created a series of exterior accessories that match your lifestyle and allow greater degrees of personalisation and enhancement.

Bentayga Styling Specification.

Three years in the making, the Bentayga Styling Specification has been carefully designed to give the car a sportier style with real aerodynamic benefits.

Handcrafted in Crewe from a specially commissioned lightweight high-gloss black carbon fibre, every piece features a unique mirror-matched weave pattern.

To ensure continued durability and performance, the Bentayga Styling Specification has been put through a series of rigorous quality and engineering tests, including Vmax200 motorsport trials, wind tunnels and extreme climatic exposure.

The Bentayga Styling Specification is also compatible with the Bentayga Blackline Specification.

The Facts.

- Front Splitter (1)
- Air Blades (2)
- Door Mirror Cowls (3)
- Side Sills (4)
- Rear Spoiler (5)
- Flying 'B' Wing (6)
- Rear Diffuser (7)
- Tailpipe Finisher (not shown)

Bentayga Blackline Specification.

The Bentayga Blackline Specification replaces all of Bentayga's brightware with high-gloss black trims, for an even more dynamic presence. It is also compatible with the Bentayga Styling Specification.

You can truly personalise your Bentayga whilst maintaining its unique features.

The Facts.

- Wing Vent Inserts (1)
- Door Glass Surround (2)
- Radiator Surround (3)
- Headlight Surrounds (4)
- Key Lower Body Trim (5)
- Door Handle Inserts (6)
- Rear Lamp Clusters (7)
- Number Plate Surround (8)

Deployable Sill Steps.

It's a great feeling when something is just there when you need it, like the Deployable Sill Step.

When a door is opened, the electric Sill Step automatically slides out to offer a welcome entry or exit – and retracts after the door is closed.

Fully compatible with the exterior styling features, each Deployable Sill Step is Bentley branded, with a black textured upper mat and diamond-quilted insert that seamlessly complements Bentayga's interior hide.

The Facts.

Each Deployable Sill Step has an interchangeable side insert which allows you to truly personalise the car:

- Piano Black to complement the Bentayga Blackline Specification
- Carbon Fibre to enhance the Bentayga Styling Specification
- Standard bright finish trim

Wheel options.

Wheels are as fundamental to the Bentley driving experience as its redesigned powertrain, engine or ergonomic seats.

And of course, being Bentley, we always seek perfection. So this range of 20", 21" and 22" alloy wheels brings you the opportunity to raise the profile of your Bentley even further – the 22" wheels are the largest ever produced by Bentley.

Machined from high-strength aluminium, all those alloys are forged for optimum strength and lightness. In addition, the 22" option is also handed, which means the spokes face the same direction on both sides of the car – a feature that says everything about Bentley's attention to detail.

◉ 20" 10-SPOKE ALLOY WHEEL
(Painted)*

◉ 20" 10-SPOKE ALLOY WHEEL
(Polished)*

◉ 21" 5 TWIN-SPOKE ALLOY WHEEL
(Polished)

◉ 21" 5 TWIN-SPOKE ALLOY WHEEL
(Black Painted and Diamond Turned)**

◉ 22" 5-SPOKE DIRECTIONAL ALLOY WHEEL
(Painted)

◉ 22" 5-SPOKE DIRECTIONAL ALLOY WHEEL
(Polished)

* Available in silver (not illustrated), painted or high-polish finishes, this alloy is the recommended wheel for optimum off-road performance.

** The striking Black Painted and Diamond Turned finish is machined to provide bright accents on the spokes and rim.

Jewel Fuel Filler Cap.

The gleaming Jewel Fuel Filler Cap is an equally distinctive way to personalise your Bentayga. It is an aesthetic feature that is visible only to the owner, showing our exquisite attention to detail – what could be more Bentley than that?

Branded Valve Caps.

Eye-catching hexagonal Branded Valve Caps (featuring the Bentley 'B') are the ideal gift for owners who appreciate the finest finishing touches. Perfectly complementing Bentayga's wheels, they are available in four options; chrome or black bezel on black or red badge.

Stowage.

From the beginning, the Bentley design team carefully considered all the different ways this car might be used.

Our designers knew it would be driven anywhere, from polo matches and nights at the opera, to deserts and off-road terrain, in all kinds of conditions.

To cater for the different stowage requirements that might be needed, our specialists developed a full suite of premium storage accessories, all perfectly tailored for Bentayga.

Dog Carrier.

Created exclusively for the boot of the Bentayga, the Dog Carrier is made from light, strong aluminium and fits securely to the floor. It provides safe and comfortable transport for your dog, with a soft, removable fabric bed and flexible dividers to allow transport of a second dog. Fully lockable, the carrier has an escape hatch for quick emergency access.

Carrier dimensions: L 95.5cm, W 105.2cm, H 67.5cm.

Load Assist Tray.

Designed especially for the Bentayga boot, the Load Assist Tray slides out on the boot floor runners, allowing you to optimise the rear space.

It is made from light, strong aluminium with a heavy duty rubberised floor and soft, satin finish edges to carry a full load capacity of 300 kilograms.

Multifunctional Boot Stowage.

Made using the same rugged materials as the Load Assist Tray, the unique Multifunctional Boot Stowage features a lockable divider for secure storage, with a waterproof insert for stowing wet gear.

Cross Bars.

The branded Cross Bars are the base of Bentley's roof storage system, as they secure the Roof Box and Ski and Snowboard Carrier. Designed to support Bentley's aerodynamic performance, the Cross Bars lock securely to the Roof Rails for safe transit in all conditions.

Roof Box.

Elegantly styled to complement Bentley's lines, the Bentley branded lockable Roof Box* offers safe and secure storage with a load capacity of 75 kilograms and a volume of 320 litres. For further organised storage, Bentley Roof Box bags are also available.

*Please note that the Roof Box and Ski and Snowboard Carrier must be mounted upon the Cross Bars, which are sold separately.

Ski and Snowboard Carrier.

Perfect for sports enthusiasts, the Ski and Snowboard Carrier* holds up to four snowboards or six sets of skis, allowing equipment to be transported safely and securely. A Bentley branded Ski Bag is also available.

Cycle Carrier.

The Cycle Carrier** offers safe and secure bike storage as you travel. You have complete access to the boot when the tow-bar mounted Cycle Carrier is in use, and it can be retracted from the tailgate for easy loading and unloading, while keeping cycles secure.

There are two options available:

- Two adult bike carrier
- Three adult and one child bike carrier

** Please note that the tow-bar mounted Cycle Carrier mounts to the factory-fitted tow bar, which must be selected at the point of specification.

Protection.

It's natural to want to protect the things we cherish most. Especially a car as remarkable and adventurous as Bentayga. So our design team created a collection of accessories to protect your car, whether it is hard at work or taking some time out.

Easy Fit Seat Covers.

Made from a soft yet tough, waterproof-backed wool-mix material with quilted stitching, the stylish and washable Easy Fit Seat Covers protect the front and rear seats from marks and scratches. Each cover simply hooks over the backrest and main seat cushion with a strap that reaches around the back of the seat to secure it.

Heavy Duty Floor Mats.

A set of Heavy Duty Floor Mats provides high-quality protection and excellent grip underfoot, especially in wet or snowy weather. Tailored to fit the Bentayga floorwells, these waterproof mats are Bentley branded, with raised edges and quilted facets to protect the original floor carpeting. The mats are easily removed and cleaned.

Heavy Duty Boot and Bumper Protector.

To cover the rear of Bentayga when you are loading and unloading the boot, the Bumper Protector features a heavy duty rubber section that rolls out easily to guard against scratches and scrapes – it's also ideal for use with the Dog Carrier.

Boot Overmat.

Keep the Bentayga's original carpet flooring clean and pristine with this moulded, heavy duty Boot Overmat. As well as protecting the floor area from dirt and water, the rubberised mat provides extra grip for items stored in the boot area.

Windscreen Cover.

Designed to cover the front and rear screens and door windows, the Windscreen Cover is ideal for use in hot climates to prevent heat damage, and in cold climates to protect from ice and snow.

Storage.

If you plan to store your Bentayga for any length of time, we offer a range of tailored products to keep your car and its tyres well protected. So, whenever your car is at rest, our accessories help to ensure it is ready for action when you need it.

Indoor and Outdoor Car Covers.

A range of car covers is available to perfectly suit your Bentayga's needs. If you plan to store your car for any length of time, Indoor Car Covers are an extra barrier to the damaging effects of moisture and dust.

If your Bentayga is parked open to the elements, Outdoor Car Covers protect the paint finish and brightware from weather and pollution.

Designed and custom-stitched to perfectly match Bentayga's unique dimensions, each one can be embroidered at sill level with the model name, your name, chassis number or registration number.

Wheel Bag.

The heavy duty Wheel Bag holds one wheel and tyre, and will safely protect the interior of your boot, as well as making the wheel easier to transport for replacement and repair.

Tyre Cradles.

If your Bentayga is parked for a while, Bentley Tyre Cradles are designed to offer maximum protection during long-term storage. The cradles are made using unique polymers that ensure the tyres are supported while they cool and throughout storage, helping to prevent flat spotting.

Winter.

Nothing should ever diminish the pleasure of driving a Bentayga. Particularly the weather.

That's why our design team created a full set of winter accessories to ensure that, however challenging the elements, Bentayga can endure. After all, a drop in temperature shouldn't mean a drop in your enjoyment.

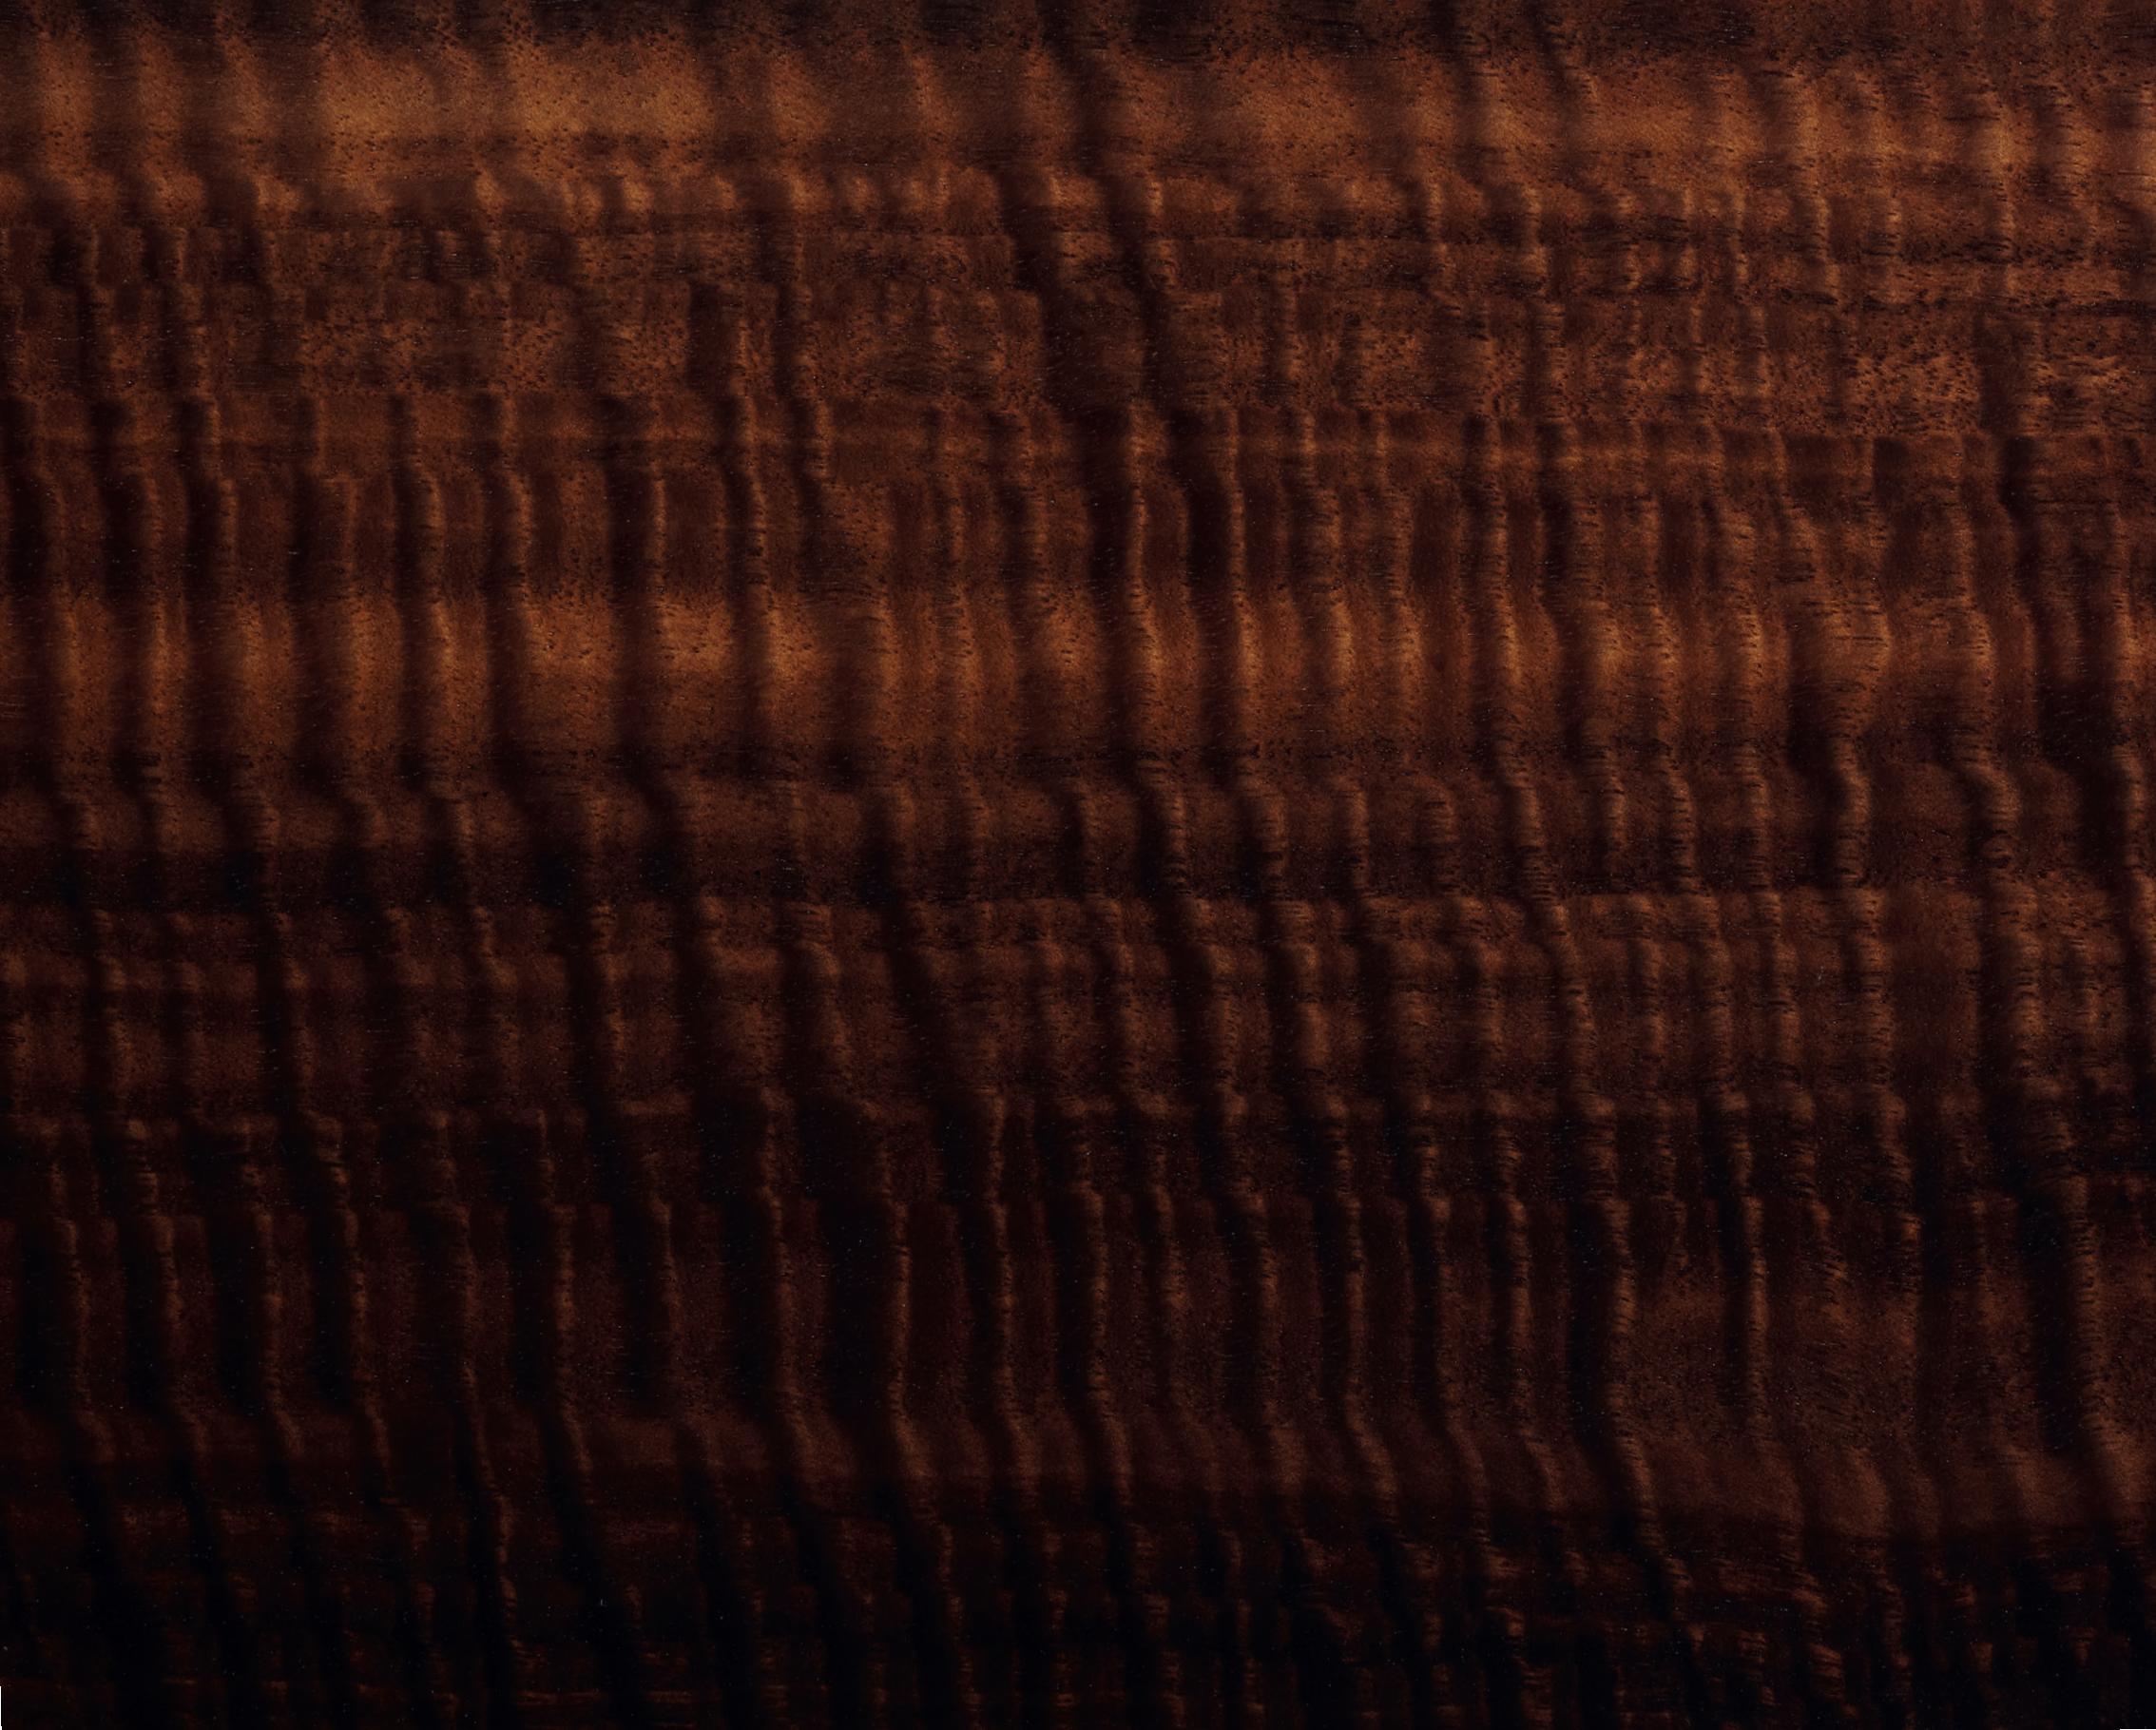

AutoSock®.

Perfect for when there is an unexpected change in weather conditions, the AutoSock® is a temporary solution for use over short distances. This short-term measure provides extra grip and stability in icy conditions and snow, whilst ensuring there is no adverse effect on the cooling of the brakes. Easy to fit and remove, the AutoSock® is supplied in a pack of two and comes with protective gloves to keep hands clean while fitting.

Spikes-Spider™.

For more sustained traction, Spikes-Spider™ Snow Chains are also available. These differ from traditional chains as they have a central hub that secures the encompassing chains yet allows them to flex in response to road surface and conditions. Offering a long-term solution for better performance in harsh weather, Spikes-Spider™ Snow Chains are easy to fit and remove.

Interior.

It takes something rather special to enhance the comfort levels of Bentayga. So it should come as no surprise that a great deal of time, effort and the finest of materials have been lavished on our interior comfort accessories.

Relaxation Pack.

Take it easy with the Bentley Relaxation Pack, which includes two Bentley branded hide scatter cushions, trimmed to match the main hide colour of your interior, and two footrests designed to support tired feet at their most comfortable elevation. Each footrest is upholstered in luxurious, deep pile carpet to match Bentayga's floor covering.

Jewelled Torch.

Featuring Bentley's hallmark knurling on its collar and the Bentley 'B' etched on its lens, the Bentley Jewelled Torch is the most stylish way to light your way. Easily charged using the cigar lighter, it stows neatly in the glove box and is ready to go whenever needed.

Touring.

Given the many adventures Bentayga is prepared for, we made sure that it has a full range of touring accessories for every eventuality, no matter how challenging the journey.

Hazard and Emergency Warning Lights.

For those rare occasions when you need to warn oncoming traffic about a presence in the road, the Hazard and Emergency Warning Lights are a safe and smart solution. This simple yet effective warning system consists of three studs which automatically activate when they are tapped on the ground, emitting a high-visibility flashing orange light.

Tyre Inflation Kit.

The Tyre Inflation Kit is a temporary solution for minor punctures, and consists of a canister and compressor to instantly repair the puncture and get you to a place of safety.

Touch-Up Paints.

It only stands to reason that after hours spent finding the perfect shade for your Bentley, you want it to remain as flawless as the day it first left Crewe. To ensure this is the case, Touch-Up Paints provide a simple and effective way to maintain the appearance of your car with a perfectly colour-matched finish.

Cooler Bag.

To keep all passengers sustained and refreshed, the Bentley Cooler Bag is an essential travelling companion on long journeys, and perfect for picnics and outdoor occasions. Featuring a thermo-electric control to keep food and drink at precisely the right temperature, it has a total capacity of 14 litres, with a stylish and durable Oxford Nylon finish.

Portable Fridge.

Ideal for use in and outside of Bentayga is the Portable Fridge, with space for two 1.5 litre bottles stored vertically and plenty of other supplies. The fridge connects to the power supply in Bentayga's boot, and has a detachable power lead. Sturdy side carry handles make it easy to transport, with handy drinks holders moulded into the lid.

Linley Hamper by Mulliner.

Created together with renowned British designer David Linley, the Linley Hamper is composed of three hand-trimmed units with a Beluga exterior that may be selected in six different interior trims.

Each unit is securely integrated into the boot space of Bentayga using a custom engineered tray docking mechanism, which allows the hamper units to be stowed rearwards in the boot and locked (allowing the front of the boot to be used for luggage).

For a uniquely personal touch, Mulliner can embroider a name, logo or family monogramme onto a specific section of the Linley Hamper, making this exquisite accessory truly your own.

Deployable Sill Steps.

It's a great feeling when something is just there when you need it, like the Deployable Sill Step.

When a door is opened, the electric Sill Step automatically slides out to offer a welcome entry or exit – and retracts after the door is closed.

Fully compatible with the exterior styling features, each Deployable Sill Step is Bentley branded, with a black textured upper mat and diamond-quilted insert that seamlessly complements Bentley's interior hide.

Each Deployable Sill Step is supplied with a carbon fibre insert.

Wheel options.

Wheels are as fundamental to the Bentayga driving experience as its redesigned powertrain, engine or ergonomic seats.

And of course, being Bentley, we always seek perfection. So this range of 20", 21" and 22" alloy wheels brings you the opportunity to raise the profile of your Bentayga even further – the 22" wheels are the largest ever produced by Bentley.

Machined from high-strength aluminium, all those alloys are forged for optimum strength and lightness. In addition, the 22" option is also handed, which means the spokes face the same direction on both sides of the car – a feature that says everything about Bentley's attention to detail.

* Available in silver (not illustrated), painted or high-polish finishes, this alloy is the recommended wheel for optimum off-road performance.

** The striking Black Painted and Diamond Turned finish is machined to provide bright accents on the spokes and rim.

Jewel Fuel Filler Cap.

The gleaming Jewel Fuel Filler Cap is an equally distinctive way to personalise your Bentayga. It is an aesthetic feature that is visible only to the owner, showing our exquisite attention to detail – what could be more Bentley than that?

Branded Valve Caps.

Eye-catching hexagonal Branded Valve Caps (featuring the Bentley 'B') are the ideal gift for owners who appreciate the finest finishing touches. Perfectly complementing Bentayga's wheels, they are available in four options; chrome or black bezel on black or red badge.

Stowage.

From the beginning, the Bentley design team carefully considered all the different ways this car might be used.

Our designers knew it would be driven anywhere, from polo matches and nights at the opera, to deserts and off-road terrain, in all kinds of conditions.

To cater for the different stowage requirements that might be needed, our specialists developed a full suite of premium storage accessories, all perfectly tailored for Bentayga.

Dog Carrier.

Created exclusively for the boot of the Bentayga, the Dog Carrier is made from light, strong aluminium and fits securely to the floor. Individual carriers are available for the right and left hand sides and provide safe and comfortable transport for your dog, with a soft, removable fabric bed. Both have an escape hatch for emergency access and can be joined together to create one large carrier.

Carrier dimensions: L 95.5cm, W 53.0cm, H 67.5cm.

Load Assist Tray.

Designed specifically for the Bentayga boot, the Load Assist Tray slides in and out using the boot floor runners, allowing you to optimise the rear space.

It is made from light, strong aluminium with soft, satin finish edges and can carry a full load capacity of 300 kilograms. Featuring an integrated carpet insert, an alternative heavy duty rubber insert is also available separately.

Cross Bars.

The branded Cross Bars are the base of Bentley's roof storage system, as they secure the Roof Box and Ski and Snowboard Carrier. Designed to support Bentley's aerodynamic performance, the Cross Bars lock securely to the Roof Rails for safe transit in all conditions.

Roof Box.

Elegantly styled to complement Bentley's lines, the Bentley branded lockable Roof Box* offers safe and secure storage with a load capacity of 75 kilograms and a volume of 320 litres. For further organised storage, Bentley Roof Box bags are also available.

*Please note that the Roof Box and Ski and Snowboard Carrier must be mounted upon the Cross Bars, which are sold separately.

Ski and Snowboard Carrier.

Perfect for sports enthusiasts, the Ski and Snowboard Carrier* holds up to four snowboards or six sets of skis, allowing equipment to be transported safely and securely. A Bentley branded Ski Bag is also available.

Cycle Carrier.

The Cycle Carrier** offers safe and secure bike storage as you travel. You have complete access to the boot when the tow-bar mounted Cycle Carrier is in use, and it can be retracted from the tailgate for easy loading and unloading, while keeping cycles secure.

Made from a soft yet tough, waterproof-backed wool-mix material with quilted stitching, the stylish and washable Easy Fit Seat Covers protect the front and rear seats from marks and scratches. Each cover simply hooks over the backrest and main seat cushion with a strap that reaches around the back of the seat to secure it.

Heavy Duty Floor Mats.

A set of Heavy Duty Floor Mats provides high-quality protection and excellent grip underfoot, especially in wet or snowy weather. Tailored to fit the Bentayga floorwells, these waterproof mats are Bentley branded, with raised edges and quilted facets to protect the original floor carpeting. The mats are easily removed and cleaned.

Heavy Duty Bumper Protector.

To cover the rear of Bentayga when you are loading and unloading the boot, the Heavy Duty Bumper Protector features a section made from similar material to the Easy Fit Seat Covers that rolls out to guard against scratches and scrapes. It's ideal for use with the Dog Carrier. Must be used in conjunction with the Heavy Duty Boot Overmat.

Heavy Duty Boot Overmat.

Keep the Bentayga's original carpet flooring clean and pristine with this moulded, Heavy Duty Boot Overmat. As well as protecting the floor area from dirt and water, the rubberised mat provides extra grip for items stored in the boot area.

Windscreen Cover.

Designed to cover the front and rear screens and door windows, the Windscreen Cover is ideal for use in hot climates to prevent heat damage, and in cold climates to protect from ice and snow.

The fridge connects to the power supply in Bentayga's boot, and has a detachable power lead. Sturdy side carry handles make it easy to transport, with handy drinks holders moulded into the lid.

The Linley Hamper by Mulliner.

Created together with renowned British designer, David Linley, the Linley Hamper by Mulliner contains the finest examples of cutlery, crockery and glassware in the world. All three units are hand-trimmed with a Beluga exterior and can be selected with any of the following interior trim colours: Beluga, Camel, Hotspur, Linen, Magnolia or New Market Tan.

The hampers are fully integrated into the boot space of the Bentayga using a sophisticated tray mechanism, which can be used for effortless access and removal from the vehicle to maximise luggage space.

To make this exquisite accessory truly your own, Mulliner can embroider a name, logo or family crest onto a specific section of the Linley Hamper or can match the hamper to the interior colour of your Bentayga.
