CIAO FIAT
MOBILE

CIAO FIAT MOBILE is the original Fiat application for your iPhone. It is designed to always be on hand, wherever you go, and to offer you all the information and services that you want quickly and simply. Fiat is the first in Europe to launch an iPhone application dedicated to all motorists and is offering its Customers an innovative, simple and direct service. Access a wide range of services at the touch of a finger: YOUR PROFILE, FIND A DEALERSHIP, TEST DRIVE, OWNER HANDBOOK, CONTACT US, NEWS AND PROMOTIONS, FIND YOUR CAR, DUE DATES, TRAFFIC AND ROADSIDE ASSISTANCE. CIAO FIAT MOBILE is completely free and can be used in Italy from its launch. Download it straight away from App Store. For more details, visit the website: www.ciaofiatmobile.it.

CIAO FIAT
00 800 342 800 00

CIAO FIAT is the customer support and relations service which can be contacted on the universal freephone number 00800 3428 0000. The number can be reached from all main European countries and can be easily remembered; it actually corresponds to entering "FIAT" on a telephone keypad (00800-FIAT 0000 becomes 00800-3428 0000). CIAO FIAT is ready to provide you with roadside assistance and information services, anything that you want to know about our models (versions, optional extras, promotions, prices), our services and FIAT dealerships and for booking a test drive and for meeting any need or request linked to the car's use. The service is available from 8 a.m. to 8 p.m., Monday to Saturday for customer relations and information and 24 hours a day, 7 days a week for roadside assistance services.

The call is free from both landlines and mobiles. In some European countries a fee is charged to the caller by some mobile networks depending on the tariffs applied by the particular local operator.

Sava

However you choose to experience mobility, **Sava** satisfies your needs with financial and leasing packages combined with exclusive insurance services. For more information, call the Contact Center on +39 199.818.203 (from Monday to Friday from 8 a.m. to 6 p.m.) – www.sava.it

Finance: SAVA finance packages are available in all Fiat Group Dealerships.

24 months of warranty with unlimited mileage. Roadside assistance valid throughout Europe. Breakdown cover in the event of a fault or accident. Towing car to a Fiat workshop. Return of passengers or continuation of journey. Hotel expenses. Courtesy car in the event of a fault. Repaired vehicle pick-up. Sending parts abroad.

FREEMONT

Life is a story which should be written freely.

Every day, choose where you want to go, who you want to go with, what you want to do and what you want to take with you.

Here comes a new way of getting around. Whatever life has in store for you, let yourselves be surprised by the beguiling Freemont.

The car equipped with everything you want, now also in the AWD version, the 4x4 with automatic transmission.

FREEMONT. All the cars you want.

FREEMONT. ALL THE QUALITY YOU WANT.

Freemont is the perfect combination of space, functionality and versatility, expressed with an original and engaging style. The painstaking care over details, such as the use of soft touch materials and chrome-plated details, gives the interiors a refined and distinctive touch.

FREEMONT. ALL THE PERSONALITY YOU WANT.

The strong and unmistakable design contributes to giving the Freemont a unique personality. The grille with the Fiat logo, the front end with its muscular lines and the bumpers with their soft curves are integral parts of the vehicle's dynamic personality which opens up the road to a new way of living, more free, more Freemont.

FREEMONT. ALL THE SPACE YOU WANT.

With 7 seats as standard and a third row which is comfortable and spacious, the Freemont lets you choose all the travelling companions you want, in complete freedom. The vehicle's interior dimensions also ensure optimum comfort on-board, offering maximum space and versatility.

FREEMONT. ALL THE SPACE YOU WANT.

Take all the space and versatility you need. With a simple movement, you can fold down the front passenger seat and all the seats of the second and third row independently from one another to create no less than 32 different configurations and form a flat, regularly shaped load compartment each time. The raised driving position offers maximum comfort and allows the driver to feel in control of the road. The seats in the second and third row are arranged so that all passengers can benefit from a panoramic view of the surrounding landscape.

FREEMONT. ALL THE FLEXIBILITY YOU WANT.

Over 20 storage compartments, which in total guarantee additional load capacity equal to that of the luggage compartment of a city car. The passenger seat, for example, has a practical compartment underneath, which can be accessed easily, while the floor of the second row houses two large storage compartments under the carpets. With the Freemont, you can take everything that you need with you, without having to leave anything behind.

FREE MONT AWD

To enhance your sense of freedom further,
here is the new FREEMONT AWD, the 4x4 with 6-speed
automatic transmission that guarantees better traction,
optimised gear shifts, and the ability to drive
with the utmost safety on any road,
no matter what the weather conditions.

FREEMONT AWD

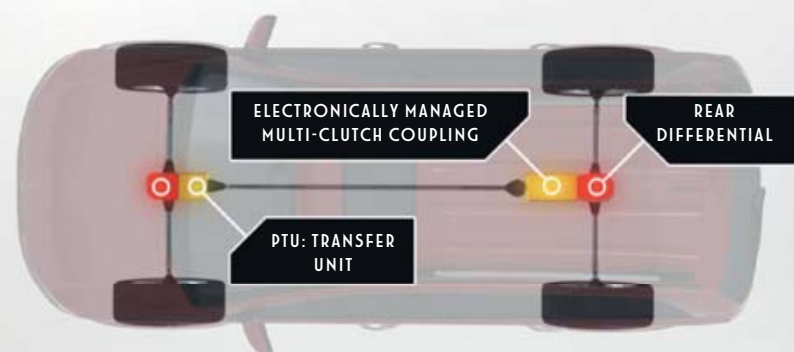

Designed for you to tackle any road surface with peace of mind, the AWD (All-Wheel-Drive) active four-wheel drive system is equipped with an electronic control unit which uses slip sensors to detect the grip of the four wheels and decide when to transfer part of the drive at the front axle to the rear axle (up to 50%), thereby enhancing the road grip and driving safety not just on slippery surfaces (mud, snow, ice) but also on tarmacked roads.

Specifically, the all-wheel drive works 'on demand': the control unit modulates torque transfer through the use of an electronically controlled coupling (EEC). The system continuously analyses the position of the pedal, speed and steering angle and works constantly and jointly with the traction control system and the ESP system. This all contributes to guarantee the best torque on every wheel at all times.

AWD technology optimises traction and driveability by intervening in 3 separate ways:

- **preventive control:** if the driver demands a lot of power, the AWD is automatically activated, transferring some of the drive torque to the rear wheels
- **anti-slip control:** if the front wheels begin to slip in poor grip conditions (rain, mud, snow), the electronic control unit transfers power to the rear wheels
- **improvement of drivability:** the active four-wheel drive system optimises vehicle dynamics. On bends and during acceleration, the torque is distributed to the rear wheels, improving driveability and making steering easier, making for a safer and smoother drive. Even at high speed.

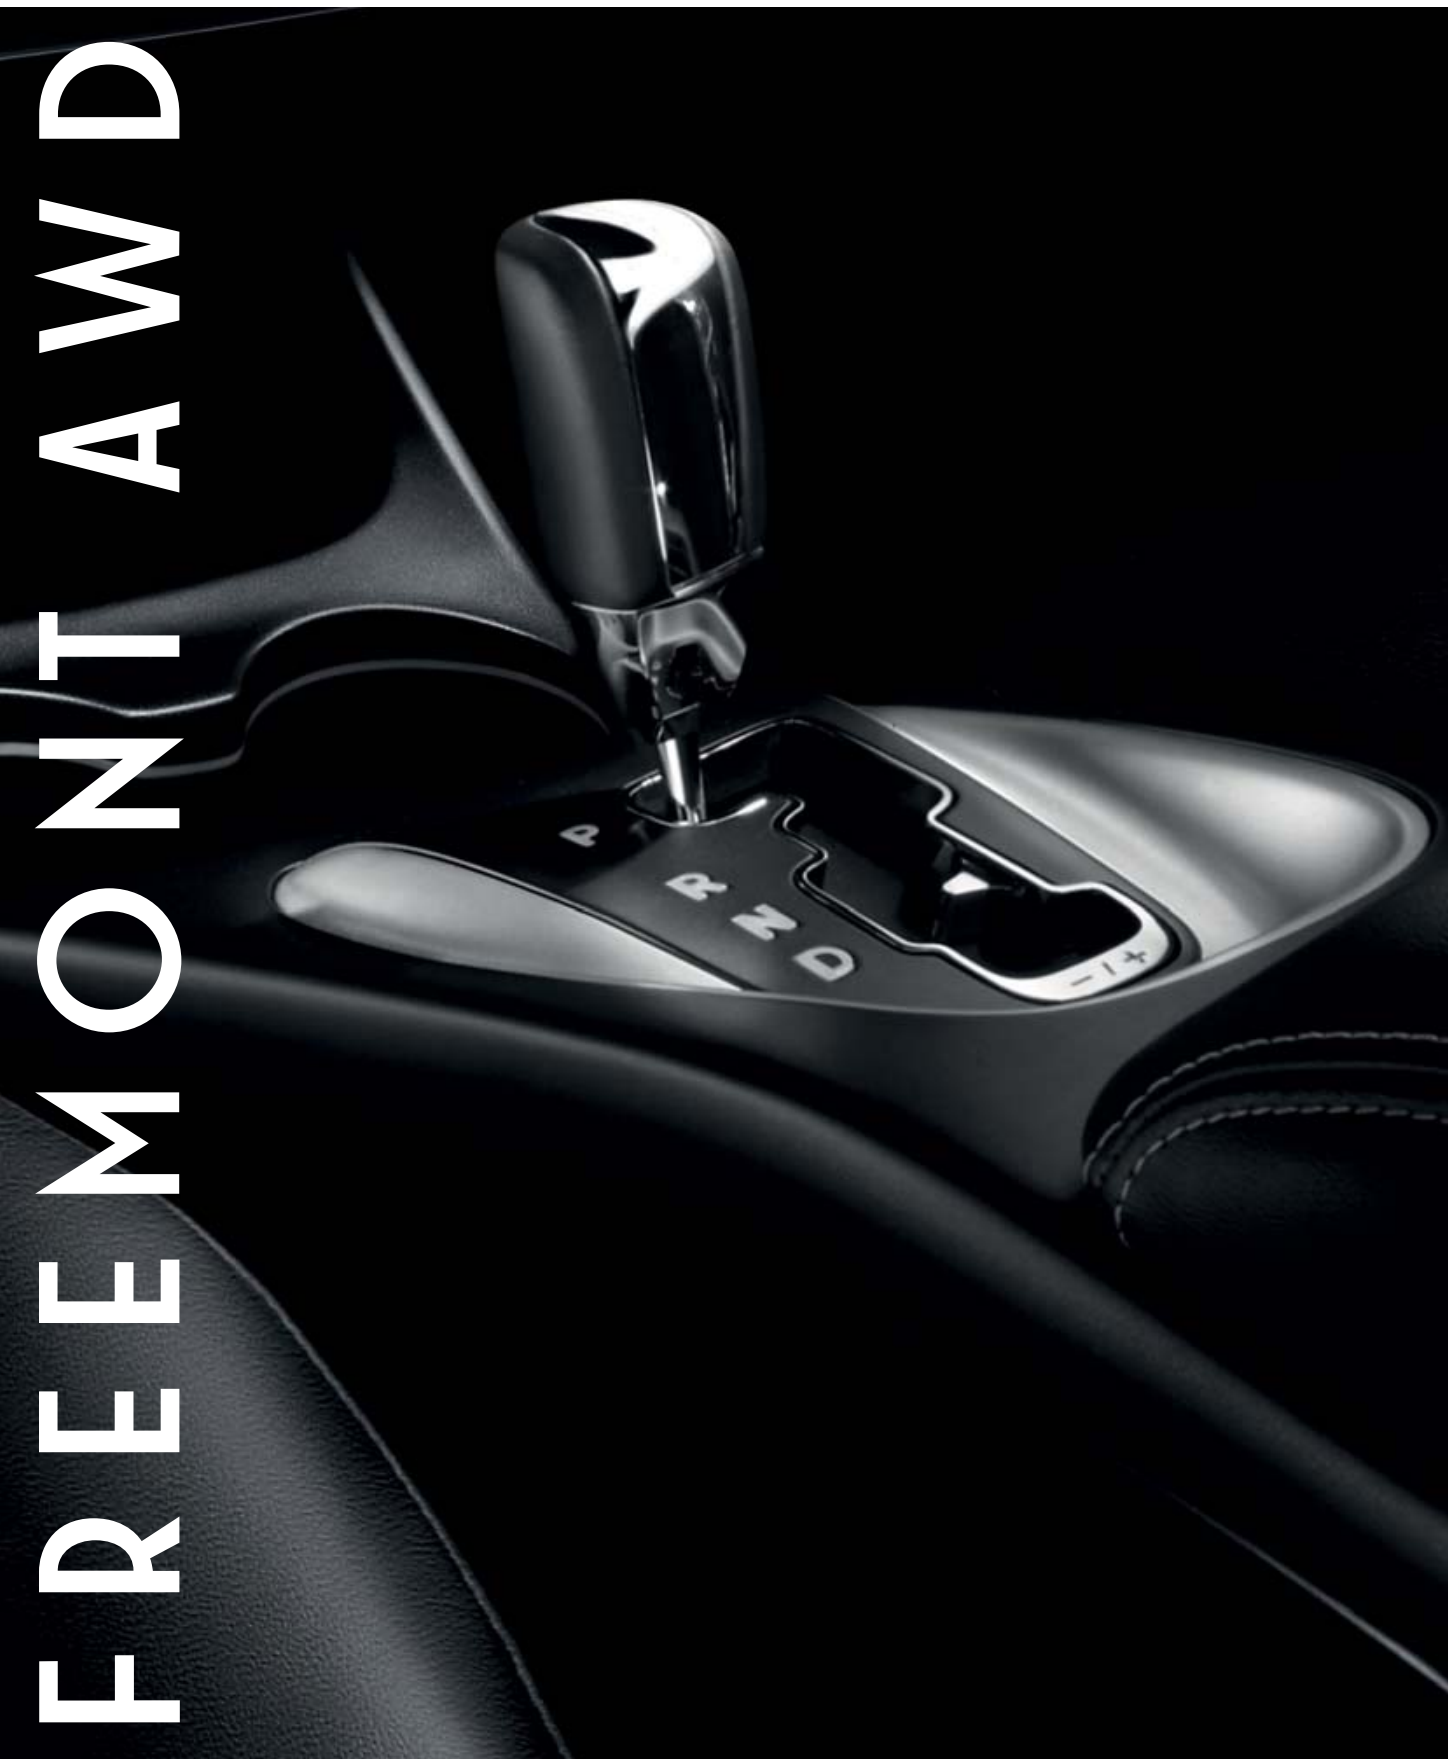

AWD technology makes the Freemont even more versatile and safe.

FREEMONT AWD. ALL THE FREEDOM YOU WANT.

FREEMONT AWD

FREEMONT AWD. ALL THE COMFORT YOU WANT.

AWD technology, which is constantly active, is available with two engine versions: the 170 HP 2.0 Diesel MultiJet II, powerful and reliable, and the new high-performance 3.6 V6 Petrol Pentastar 280 HP.

Both engines are combined with a six-speed automatic transmission that guarantees faster acceleration from standstill (kick-down function) as well as a feeling of fluidity, resulting in maximum comfort for passengers when driving. With the automatic transmission, the driver can choose between using the sequential Autostick mode and engaging the desired gear or leaving the electronic transmission control unit to decide on the most suitable gear.

FREEMONT AWD

FREEMONT. ALL THE PERFORMANCE YOU WANT.

Whatever your destination, the Freemont is always ready to take you anywhere, thanks also to the two 2.0 MultiJet II 16V front-wheel drive engines.

As in the AWD version, the 2.0 MultiJet 16V 170 HP offers maximum flexibility and is capable of maintaining maximum torque value up to 2.500 rpm, allowing fewer gear changes and offering enhanced driving satisfaction.

The 2.0 MultiJet 16V 140 HP guarantees an excellent balance between power, fuel consumption and emissions thanks to a torque value of a generous 350 Nm available at just 1.750 rpm.

These engines are combined with a manual six-speed gearbox and the vehicle is front wheel drive. They are also equipped with DPF (diesel particulate filter) as standard.

2.0 DIESEL MULTIJET II 140 HP

EMISSIONS LEVEL	Euro 5

In addition to offering excellent performance levels, the Freemont allows you to drive in total safety. Because freedom also means keeping pace with safety, and the Freemont has been awarded the prestigious five-star Euro NCAP safety rating.

This rating was achieved thanks to the vehicle's many safety features, including 6 airbags, three-point seat belts, an Isofix system on the seats of the second row, active headrests with anti-whiplash system and child boosters to ensure that your children are correctly seated, optimising the geometry of the seat belts. What's more, for maximum protection when driving, as well as ABS and ESP, the vehicle is also equipped with the Hill Holder system, for assistance with hill starts, an anti-roll system (ERM, Electric Rollover Mitigation) and TPMS technology (Tyre Pressure Monitoring System) which can detect the pressure of each individual tyre at any time. To allow you to transport your load in total safety, you can also trust the intelligent trailer control system, Trailer Sway Control (TSC).

FREEMONT. ALL THE TECHNOLOGY YOU WANT.

Driving a Freemont also means having the best technology at your disposal. Including the Keyless system to open the doors and start the engine at the press of a button located on the dashboard. To make manoeuvring easier, the Freemont also offers parking sensors and a rear camera which are activated when the vehicle is put into reverse.

Travelling while having fun and keeping in touch with people. Everything is possible with the Freemont. You can listen to the music you like, thanks to the integrated radio CD/MP3, with its colour touch-screen display (from 4.3 to 8.4 inches) with steering wheel controls. The vehicle's many functions can be controlled with a light touch on the touch-screen, including the temperature settings for the three climate-controlled areas and stereo system adjustment.

With Bluetooth®, you can make hands-free calls and manage your phonebook without ever taking your hands off the wheel. The Freemont also has a practical USB port and an AUX-IN socket to allow you to connect your devices.

FREEMONT. ALL THE TECHNOLOGY YOU WANT.

FREEMONT. ALL THE STYLE YOU WANT.

FREEMONT TRIM LEVEL

Don't compromise. The Freemont trim level offers a high level of content as standard: 7 seats with genuine third row, child boosters, three-zone automatic climate control, trip computer with compass, Cruise Control, Keyless entry system, 17" alloy wheels, fog lights, TPMS technology, ESP with Hill Holder and ERM (anti-roll) system, USB and AUX-IN port, radio CD/MP3 with 4.3" colour touch-screen and steering wheel controls.

FREEMONT. ALL THE STYLE YOU WANT.

URBAN TRIM LEVEL

Even more comfortable and practical than the Freemont trim level, Urban also includes: radio and CD/MP3 player with an 8.4" touch screen display, DVD/SD card reader, Bluetooth® technology, automatic headlight activation, electrochromic mirror, leather steering wheel and gear knob, rear parking sensors, longitudinal roof bars, tinted rear windows, electrically adjustable driver's seat with 6-way adjustment and 4 options for lumbar adjustment and electrically folding rear view mirrors.

FREEMONT. ALL THE STYLE YOU WANT.

LOUNGE TRIM LEVEL

The new Lounge trim level, which is without a doubt the most exclusive, affording top-of-the-range contents and features. Affording unique and elegant details: 19" satin-finish alloy wheels, chrome-plated exterior door handles and chrome-plated roof bars, map-based satellite navigation system with a 8.4" touch screen display with DVD player and SD slot, rear parking camera and Alpine audio system with 6 premium speakers, subwoofer and amplifier, leather upholstery with heated front seats, also available in the new perla white colour with contrasting stitching.

FREEMONT. ALL THE STYLE YOU WANT.

The Freemont offers a wide range of equipment, but if this is not enough, you can always personalise it to suit you. Find out more about all the accessories you can use to make your Freemont even more unique, and make your journey an unforgettable one.

Style:

- Steel tailgate moulding
- Steel side mouldings
- Chrome-plated mirror covers
- Kick plate with Freemont logo
- Protective carpets with Freemont logo
- 19" chrome-plated alloy wheels
- Side skirts
- Rear spoiler

Leisure:

- Roof bars
- Bicycle / ski / snowboard / canoe / windsurfing board rack
- Freebox
- Fixed or removable rear tow hook
- Tow bar mounted bicycle carrier
- Protective rubber carpets with Freemont logo
- Luggage compartment protectors

Family:

- DVD system integrated with the roof
- Child seats

Functionality:

- Anti-theft wheel bolts
- Side air deflectors
- Rear mudflaps
- Front and rear parking sensors

CONFIGURATIONS

Even the act of purchasing a Freemont is a chance to act freely. You can choose a payment method which most suits your needs and your job from a wide and appealing range of finance solutions.

FIAT PIÙ

This is a sales programme which allows you to have your new Freemont and only pay for what you actually use. For you, an advance from zero to 50% of the sales price, reasonable instalments with variable duration, with the added advantage of our Guaranteed Minimum Future Value. At the end of the agreement, you are free to choose between 3 options: replace your car and buy a new one, keep the car by paying the Last Remaining Instalment or return the vehicle after only paying for what you actually use.

INSTALMENTS

This is the most popular financial solution which allows you to spread the payment of all or part of your new Freemont over a variable term from 12 to 72 months.

LEASING

If you are a tradesperson, freelance worker or run your own business, this is the best solution for you because it offers you the option of using the car without tying up your capital: you can choose the contract duration (from 24 to 60 months) and the level of down payment, and also enjoy a flexible final redemption value.

EXTENDED WARRANTY

To ensure your Freemont stays as good as new, you can extend your vehicle warranty up to 8 years. The FIAT extended warranty allows you to drive with peace of mind thanks to the unlimited mileage fault coverage, roadside assistance throughout Europe 24 hours a day, 7 days a week, and the knowledge that you will receive a courtesy car in the case of breakdown. Maintenance will only be carried out by specialist personnel at Fiat workshops and authorised dealerships with the use of original spare parts covered by the manufacturer's warranty.

PROTEZIONE VERA

You protect your car with the Sava finance package. Along with the finance package, SAVA offers you a comprehensive range of services to protect you from the unexpected.

PROTEZIONE VERA +10 Indelible marking on key vehicle components as a maximum deterrent against theft and a special Fire/Theft policy that also repays your expenses if you lose your keys, need to replace documents and suffer damage to luggage carried.

PROTEZIONE VERA +20 In addition to the benefits of Protezione Vera +10, in the event of theft or complete destruction, maintains your new car's buy-back warranty. The purchase price of your car is 100% guaranteed!

PROTEZIONE VERA +30 Choose YOUR personal protection to complement Protezione Vera +20. For example, if you lose your job you will be refunded your most recent car expenses (e.g. car tax, third party insurance and maintenance service). You can also ask your Dealer to personalise your Protezione Vera with PRESTITO PROTETTO (e.g. instalment repayment if you lose your job), COLLISION (protection against collisions with other vehicles), and KASKO (fully comprehensive insurance).
